Once in awhile you get an opportunity for something very special – this is IT! We are bringing you this Gorgeous Quilt from Kenny Kreations all the way in Australia! This spectacular quilt features 13 different stunning blocks all made on your embroidery machine in 3 different sizes up to 8" x 8" and all in one hooping but there is MORE! Not only is each block embroidered, but the design CD also includes extra BONUS designs for embroidering the quilting patterns over these 14" blocks after the embroidery blocks are stitched! You can choose to use your AcuFil Quilting Hoop to embroider these as a quilt as you go method, OR another FREE BONUS: you can choose to stitch the quilting patterns using a longarm quilting machine that has the automatic programming feature! Woo Hoo!! So the embroidery formats and longarm formats are included, along with over 60 pages of colored step by step help – you will LOVE this Quilt!

This quilt requires 26 fabrics so I am offering a FREE class on Wed or Thur, Apr 10 or 11 to help you choose your colors. The quilt is loaded in my EQ8 program and we can change the colors to suit your home. If you like the colors in this quilt, we will have a fabric kit available that includes the black or cream background blocks, or we can help you build your colors. We will need to have time to get all the fabrics cut for you before we can meet again for our 1<sup>st</sup> Embroidery class in May 7, 8 or 9. Just let us know if you need a different date to meet for choosing your fabrics – I am available after any class date, including this Friday, Apr 12 or 17 (after Enchanted Garden classes) and again on Fri, Apr 19.

Class Dates: Choose the Tue, Wed, Thur of the 2<sup>nd</sup> week of each month for as many times you want to attend. UFO dates are also available on the 1<sup>st</sup> Thur of each month for makeup classes. Classes will be at 10:30 – 3:00 (bring your lunch for our fridge)!
